Withdraw Journal Batches Stuck in Approval

(R12 2018 Feb Bundle Bug [27215570](#))

Summary

1. Create Profile Option
2. Set Profile Option
3. Withdraw Batch
4. Reset Profile Option

Important Note: Please use this button **if and only if** batches are truly stuck in approval and recovery of the SOA Composite does not work. Do not use this button if approvers have been correctly assigned to the batch and are currently in the process of approving the journal.
