

HOW TO PERFORM MULTIPERIOD ACCOUNTING – BY DAYS

Document is prepared on Oracle Fusion 25C Release

MPA:

Multi Period Accounting is used to Create Accounting entries more than one accounting period in a single event.

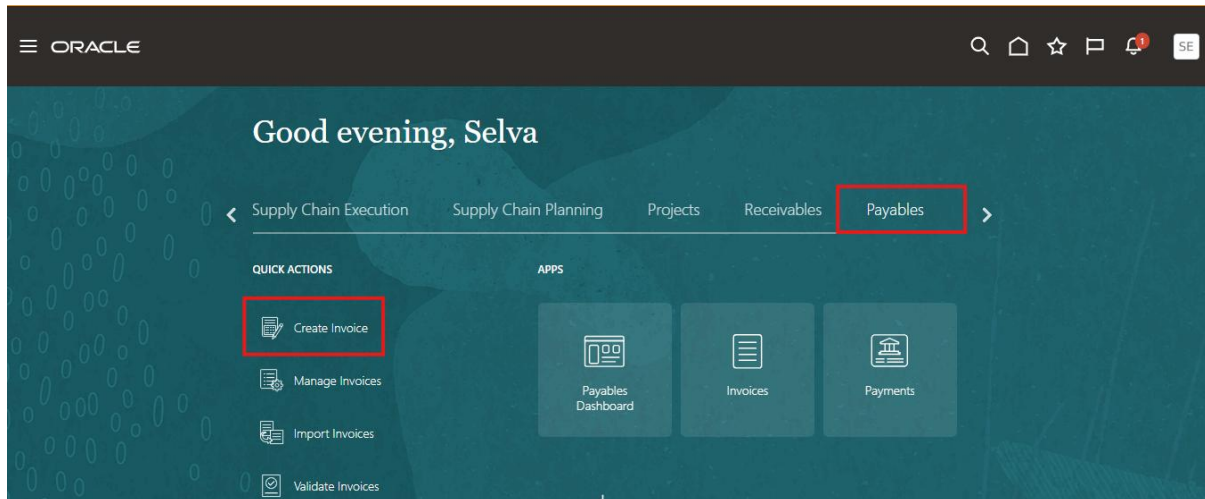

Scenario:

- ✓ A Company paid for annual software maintenance of \$12,000 on July 19th, 2025.
- ✓ The Company needs to expense the full amount from July 19th 2025 to July 20st 2026 with each month being charged according to the day in the month.

Following are the steps to be followed:

1. Create Standard Invoice with MPA Details

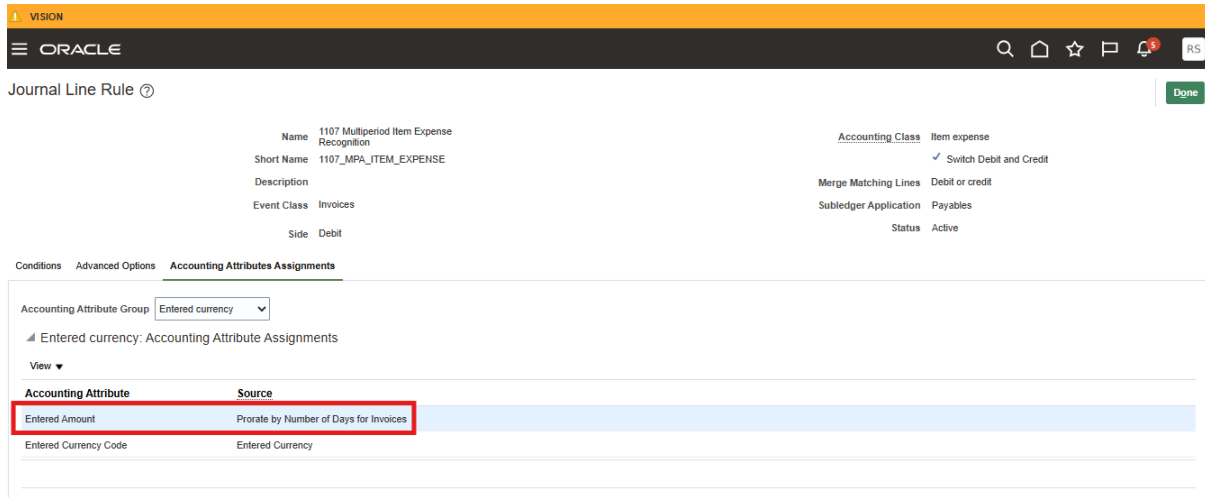

Navigator: Payables > Invoices > Create Invoice

2. Change Journal Line Rule

Navigation: Setup and Maintenance > Payables > Manage Journal Line Rules

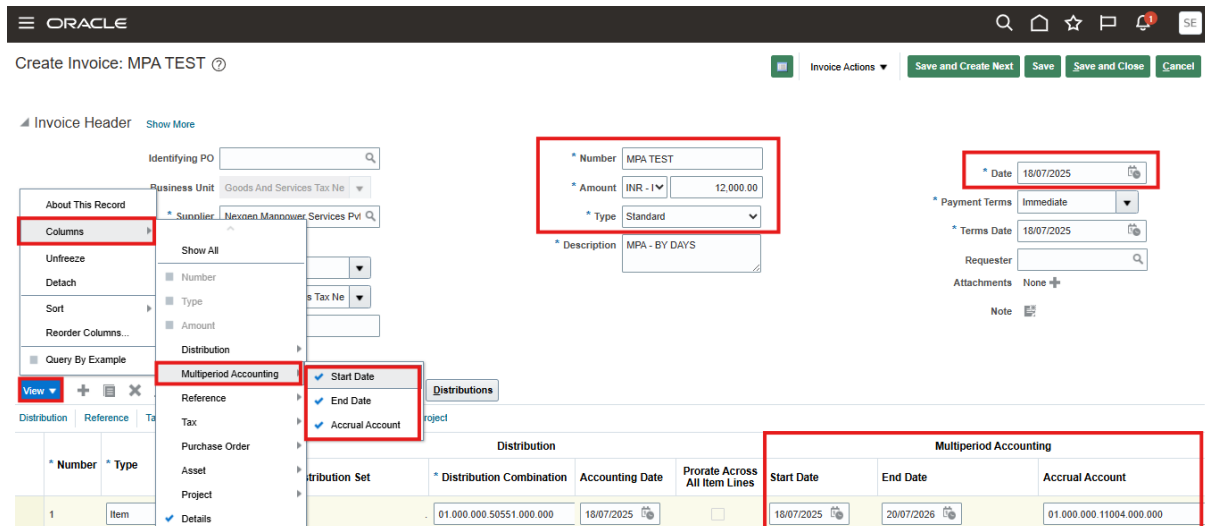

○ Rule Name : Multiperiod Item Expense Recognition

The screenshot shows the 'Journal Line Rule' setup page in Oracle. The rule name is '1107 Multiperiod Item Expense Recognition'. The accounting class is 'Item expense'. The event class is 'Invoices'. The side is 'Debit'. The accounting attribute group is 'Entered currency'. The accounting attribute is 'Entered Amount'. The source is 'Prorate by Number of Days for Invoices'. The accounting attribute code is 'Entered Currency Code'. The accounting attribute source is 'Entered Currency'.

3. Populate Mandatory Fields data on Header Level

Go to Lines > View > Columns > Multiperiod Accounting > Enable > Start Date, End Date and Accrual Account

The screenshot shows the 'Create Invoice: MPA TEST' page in Oracle. The invoice number is 'MPA TEST'. The amount is '12,000.00'. The type is 'Standard'. The description is 'MPA - BY DAYS'. The date is '18/07/2025'. The payment terms are 'Immediate'. The terms date is '18/07/2025'. The requester is 'None'. The note is 'None'. The 'View' button is highlighted. The 'Columns' menu is open, showing 'Multiperiod Accounting' selected. The 'Start Date', 'End Date', and 'Accrual Account' fields are highlighted. The 'Distribution' table shows the distribution set, distribution combination, accounting date, and prorate across all item lines. The 'Multiperiod Accounting' table shows the start date, end date, and accrual account.

4. Click on Save > Validate > Post to Ledger

Create Invoice: MPA TEST ?
