Creating Implementation Project

What is Implementation Project

An Implementation Project is a List/Hierarchy of SETUP Tasks to be performed for Setting up various modules of Fusion Applications. It is mandatory to create an Implementation Project before proceeding with Configurations. Earlier, in Oracle eBusiness Suite, the SETUP Forms (E.g. Setup Ledgers, Setup Auto-Accounting, Setup Value Sets etc) were Accessible from the Navigator through a Responsibility. In Fusion, All SETUP Forms/Pages can be accessed from Tasks within the Implementation Project.

For Creating an Implementation Project, Login to Fusion Apps from a User who has been assigned roles –

1. Application Implementation Administrator,
2. Application Implementation Consultant and
3. Application Implementation Manager

If you have assigned the above Roles just now, it may take a few minutes to allow the user to actually access and see “Manage Implementation Projects” menu on “Setup and Maintenance” page.

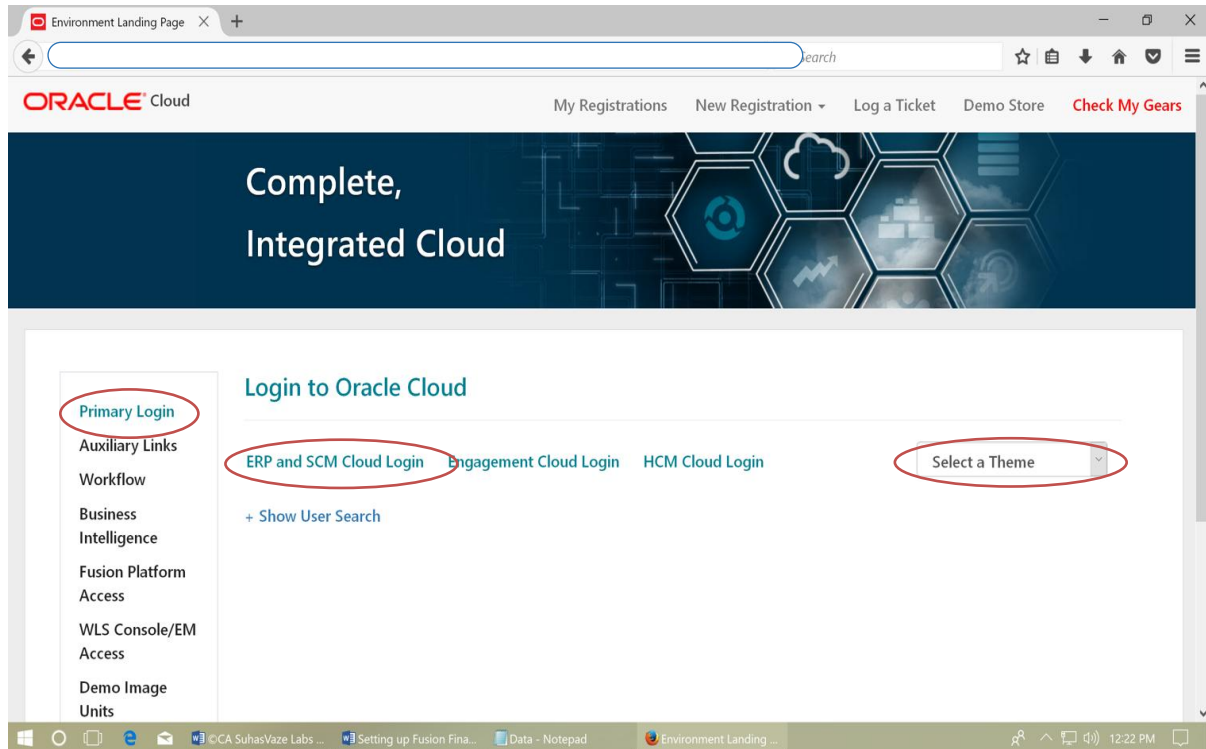

Email: Sales@OracleErpGuide.com

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

Login to Fusion

Login to Fusion with the User you created in earlier Step

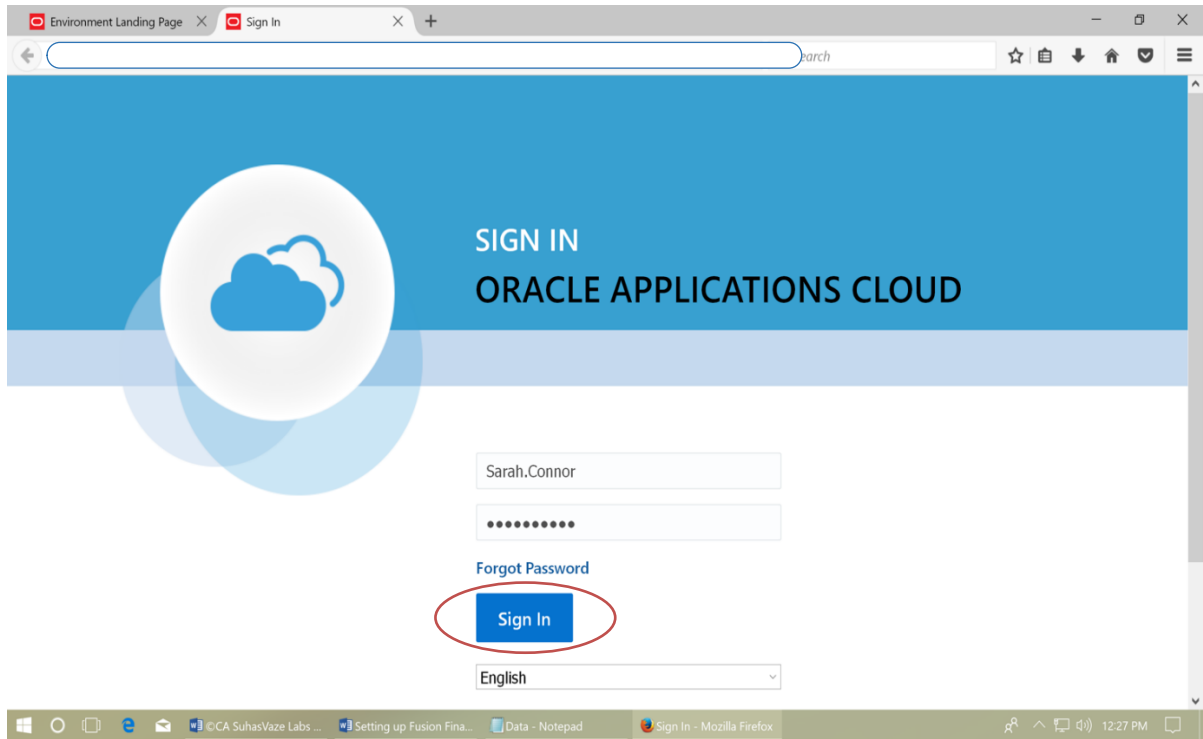

Select "Primary Login" from Left Pane and Click "ERP and SCM Cloud Login". You can select a Theme as per your linking.

Email: Sales@OracleErpGuide.com

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

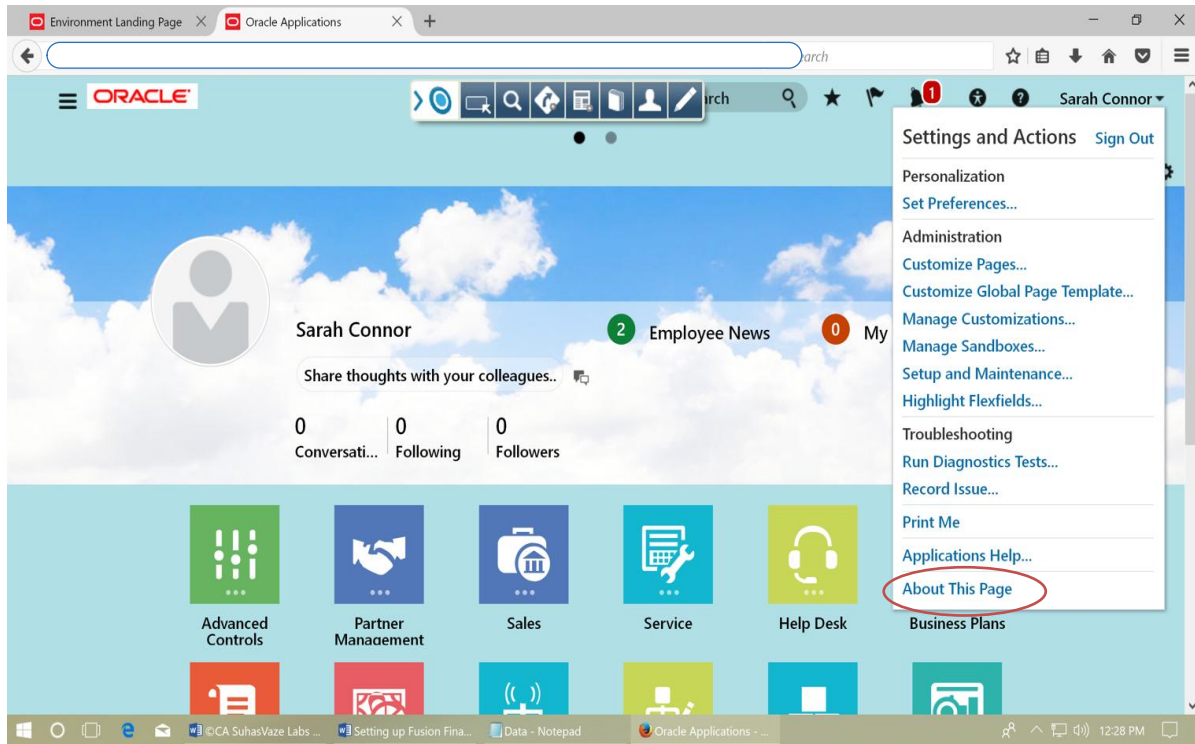

Enter User Name and Password you created in Earlier Step. Click “Sign In”

Email: Sales@OracleErpGuide.com

Call / WhatsApp: [+1 206 309 9621](https://wa.me/912063099621)

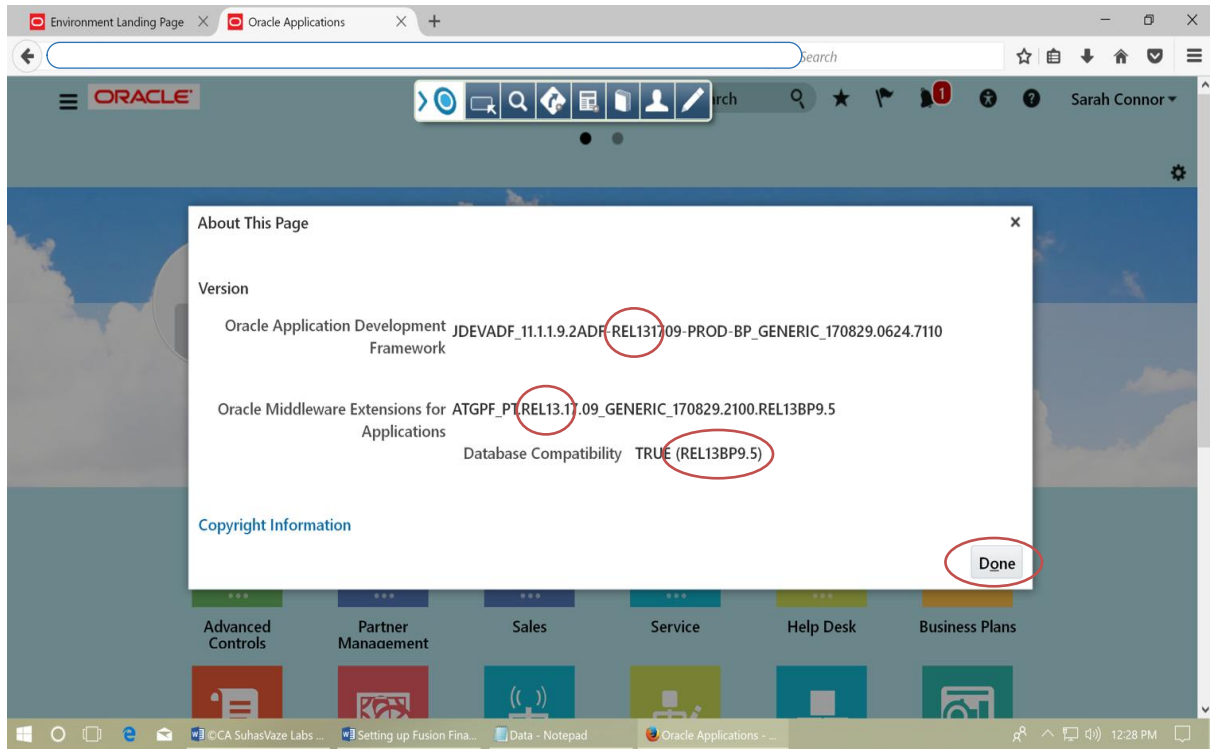

Click on Right Side User Name and Click “About This Page”

Email: Sales@OracleErpGuide.com

OEG **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](https://wa.me/912063099621)

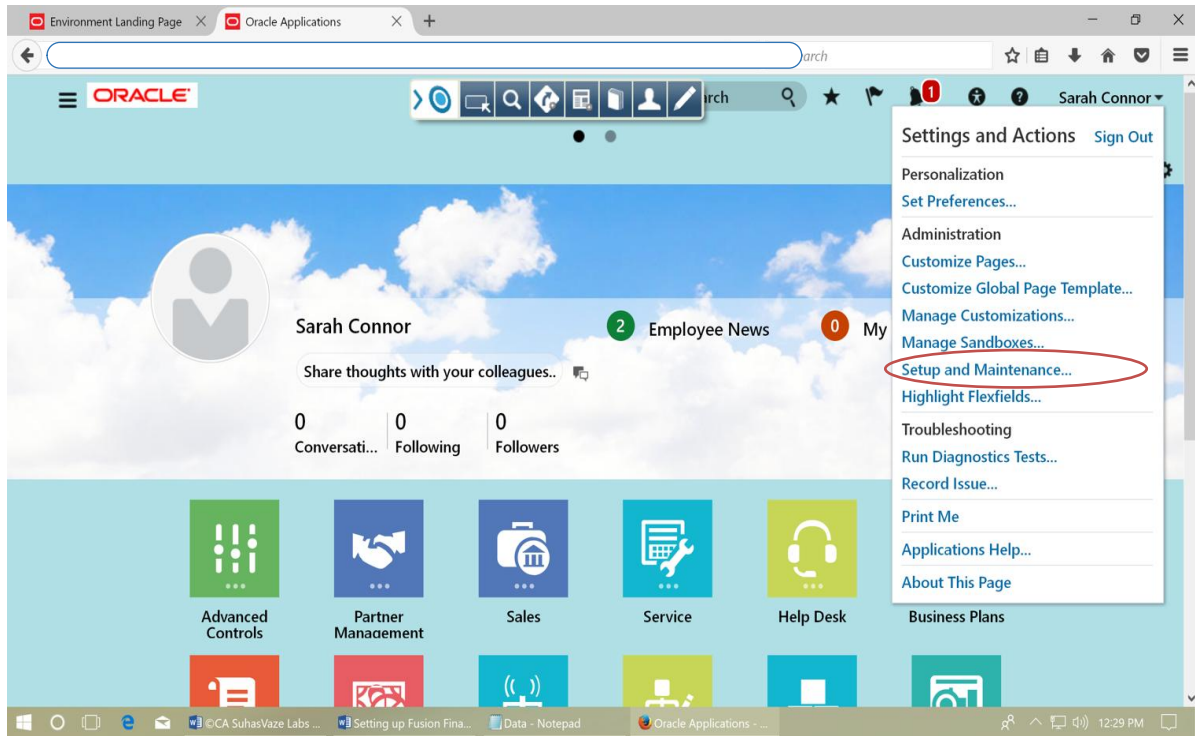

You can see the Fusion Release Version (i.e. Release 13 as above). Click Done.

Email: Sales@OracleErpGuide.com

OEG **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

Click on the User Name again and Click “Setup and Maintenance...” Menu (You can also access the “Setup and Maintenance...” Menu from Navigator)

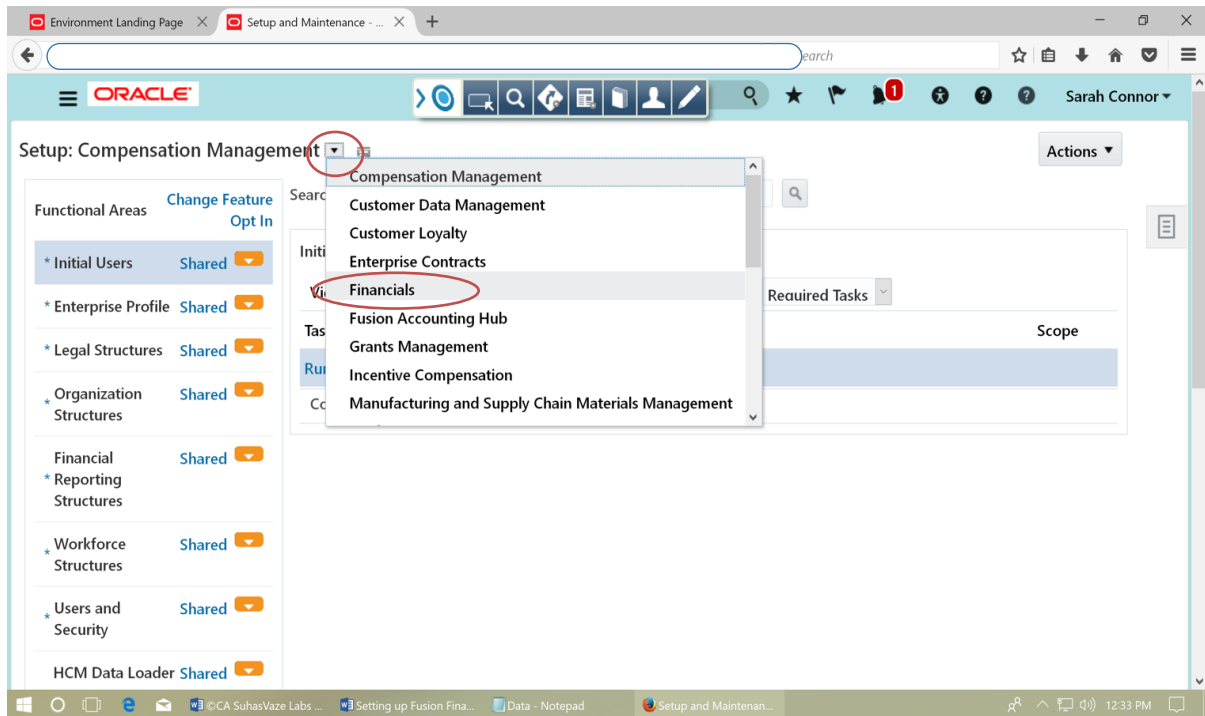

Email: Sales@OracleErpGuide.com

OEG **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

Configure Offerings

Configure Offerings screen allows you to select which Modules/Applications and Functions you want to enable for Implementation use.

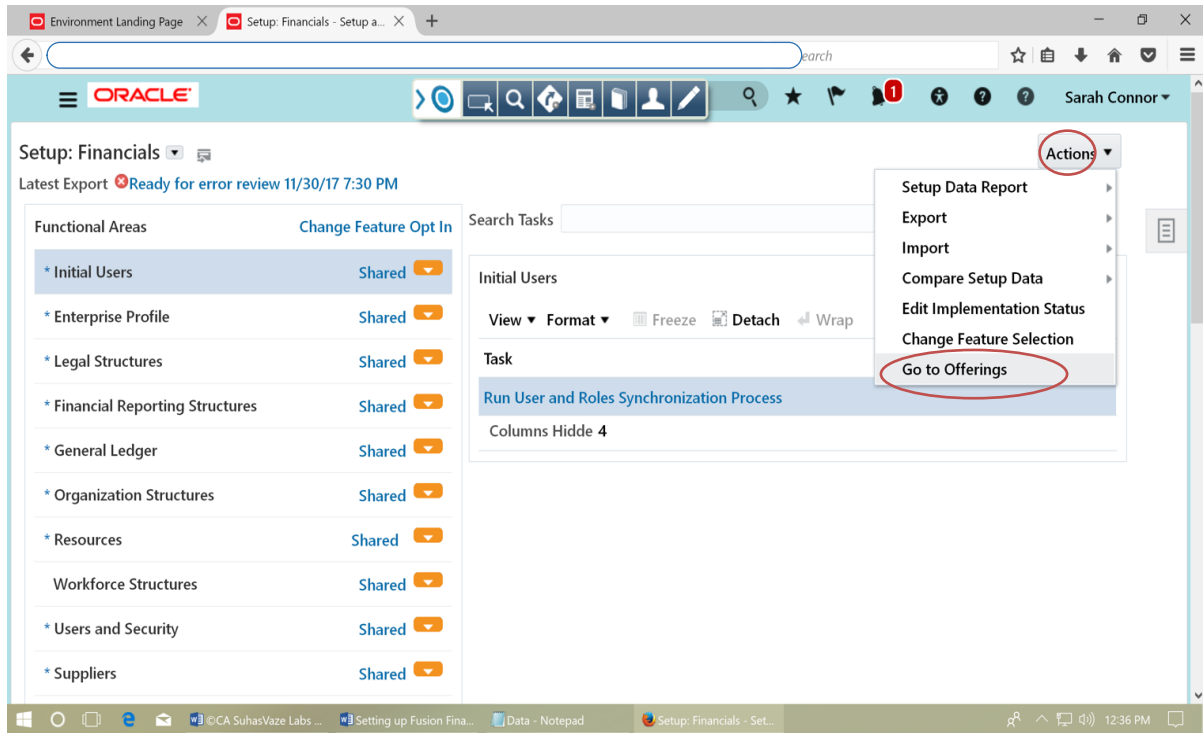

Click the Drop Down Icon above. You can Scroll Down within the Selection Box and See several Strem[s] like Financials, Procurement, Order Managemenr etc. E.g. Select "Financials"

Email: Sales@OracleErpGuide.com

OEG OracleErpGuide.com

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

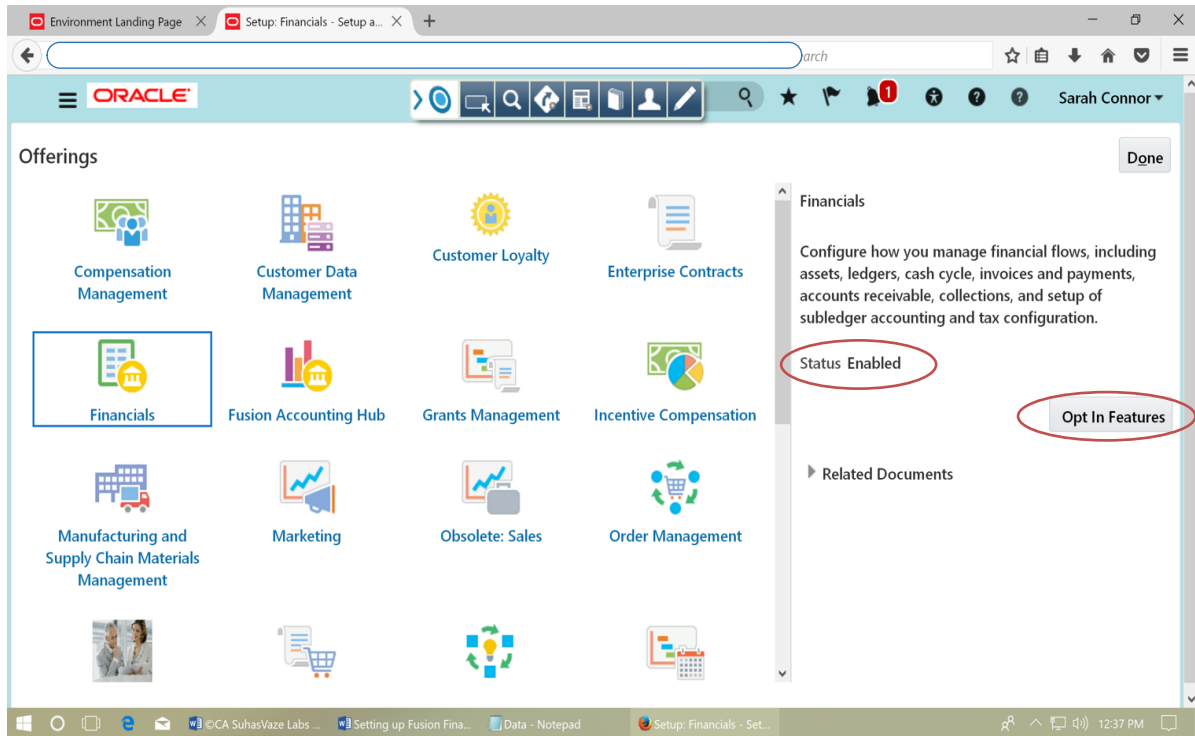

Click “Actions→Go to Offerings”

Email: Sales@OracleErpGuide.com

OEG **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

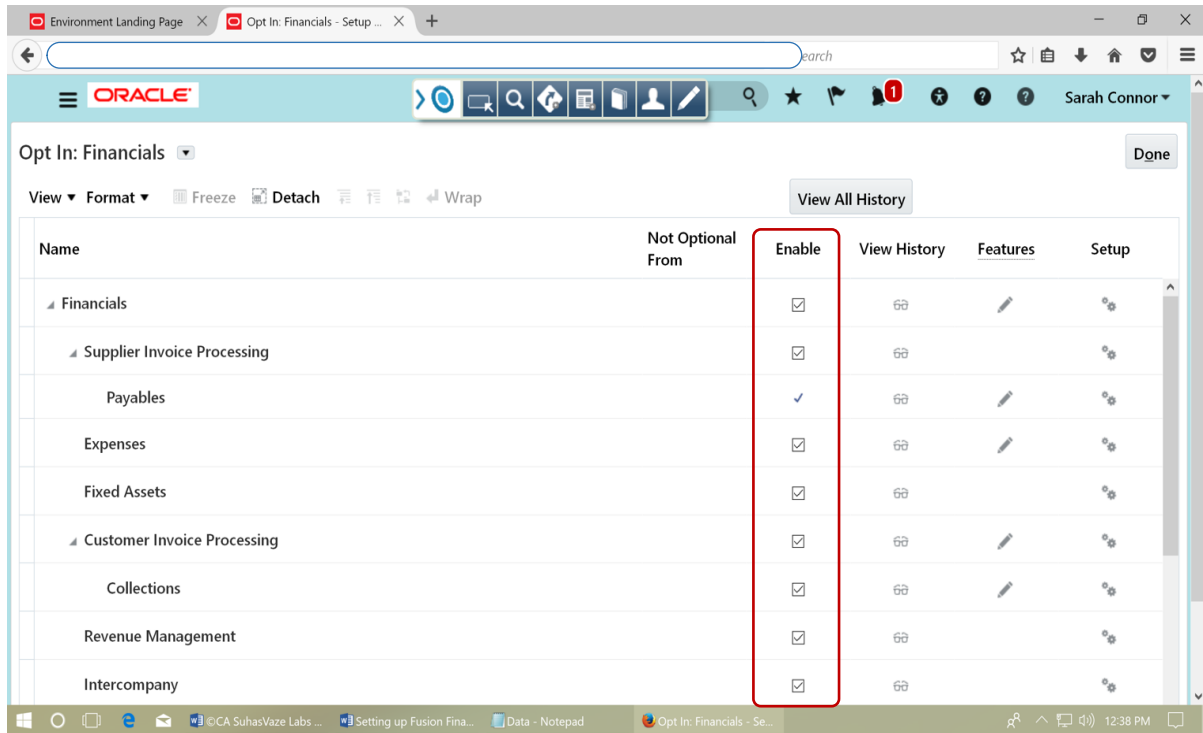

See that the Status is “Enabled”. Click “Opt In Features”

Email: Sales@OracleErpGuide.com

OEG **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](tel:+12063099621)

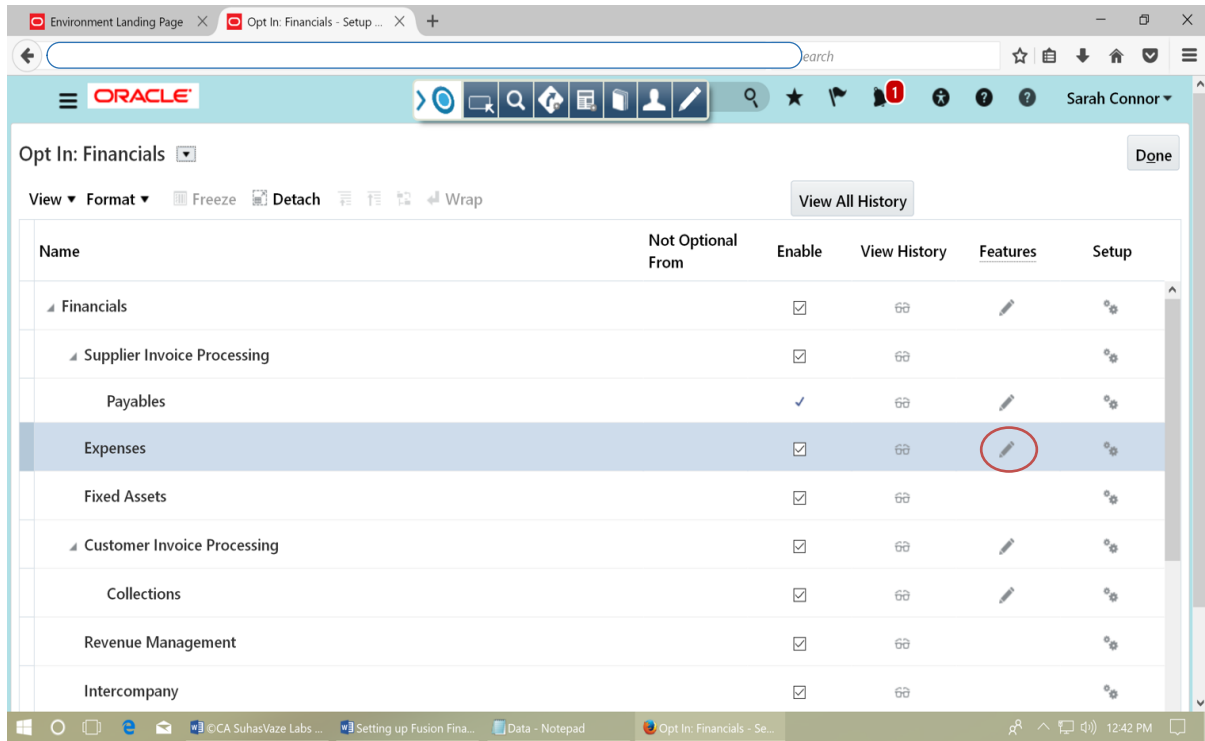

Scroll Up and Down and Select (Check [X] In Enable Column) the Modules/Functions/Offerings that you intend to use within your Implementation Project.

Email: Sales@OracleErpGuide.com

 **OracleErpGuide.com**

Call / WhatsApp: [+1 206 309 9621](https://wa.me/912063099621)

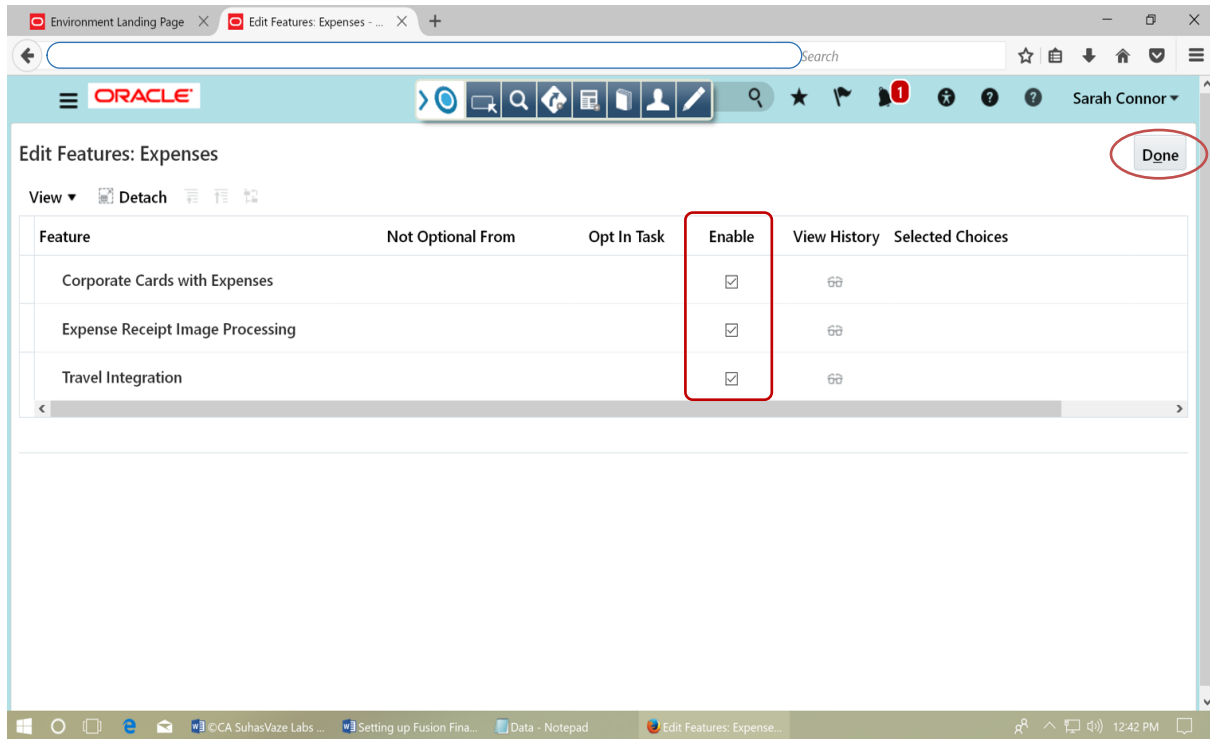

Click Edit Pencil in front of a Module to enable Selective Functionalities. E.g. Click “Edit Pencil” against “Expenses”, it will allow to Select the Functions Individually as follows.
