CONFIGURATION KIT ITEM

Step-by-Step System Guide

By Omar Ayman

Introduction

1) What is Kit Item?

A Kit Item is a bundle of multiple components sold as a single item

- ✓ Customer orders 1 item
- ✓ System explodes it into multiple components internally

2) When to Use Kit Item?

- Promotions & Bundles
- Travel Packages
- Product Sets
- Marketing Offer , A lot of Business Cases

3) *Business Example In This Document Is = Travel Kit*

Includes: • Bag • Water Bottle • Guide Book

Customer orders: 1 Kit

System processes: 3 separate items

1) In The First

Ensure all kit components have available stock in Inventory Organization to process Sales Orders successfully.
